FOOD SAFETY PERMISSION FORM

Dear Parents/Carers,

During the school year there are school and class events that involve children celebrating, cooking or tasting special foods. Children also bring in birthday cakes to celebrate with their class. On such occasions students are invited to eat food other than what they bring from home or purchase from the café.

We are asking for your cooperation to assist us in minimising the potential risk of any child eating food that they may have an allergy to or that their parent does not wish them to eat.

We are aware that some children have various allergies to certain foods and should not eat or share food with others. Please consider these needs when bringing food to share. Children who have special dietary requirements often supply their own food for special occasions.

We ask that you to fill out the attached form if you wish your child to eat and share food during supervised class learning activities or times of celebration.

Please speak with your child’s educator if you need further information or have any concerns.
