Dear Families

Seesaw is a digital portfolio which your child's teacher will add to throughout each term. We hope that the use of Seesaw will enhance the connection between home and school and allow families to have a greater understanding of the learning that is taking place in the classroom.

Teachers will be able to post work samples, photos, videos and voice recordings of your child and the group and you will then be able to view and make comment on these. Information posted by or about your child is accessible by you only unless they have worked in collaboration with other children. This is a forum for positive feedback and will be closely monitored by the teachers and members of the executive team.

As our school wishes to register with a web-based service provider that requires some personal information about a child in your care, we are obliged under the Commonwealth Privacy Act (1988) to advise you of the reasons for collecting the information, what will be done with it and who else may have access to it.
